Resident Parking Permit Application

Please fill out a separate application for each registered vehicle. You must attach a copy of your driver's license and vehicle registration to this application in order to receive your parking decal. If your driver's license does not show an Edgewater address, you must present proof of being a resident. Permits must be affixed to the interior driver's side window with the permit number clearly visible. Please ensure your permit is always properly displayed. Parking permits are non-transferrable and misuse of a permit will result in revocation of your permit. Resident parking permits must be renewed every two years.
