February 9, 2012

Dear Neighbor,

The Borough of Edgewater is pleased to announce that at the Mayor and Council meeting of Monday, February 6, 2012, the Mayor and Council endorsed the remediation and amenities plan of Veterans Field.

As you are aware, Veterans Field has been closed since September 16, 2011 when soil contaminants of PAH:Benzo(a)anthracene, Benzo(b)floranthene, Benzo(a)pyrene, Indeno(1,2,3-cd)pyrene and PCB Aroclor 1260 were detected after soil testing was required by the New Jersey Department of Environmental Protection in preparation of the next phase of the Veteran's Field improvements project.

I would like to invite you to a Community Information meeting regarding the remediation and rehabilitation of Veteran's Field. It will be held on Tuesday, February 21, 2012 at 7:00 p.m. at the Edgewater Community Center, 1167 River Road.

Representatives from the office of the Borough Engineer, Neglia Engineering Associates, along with Environmental Consultant, TERMS Environmental Services, will be in attendance to provide a presentation and answer any questions you may have.

Sincerely,

Gregory S. Franz
Borough Administrator
