

The Veteran's Field Remediation and Restoration Project

The Borough of Edgewater closed Veteran's Field on September 16, 2011 due to contamination of the soil as required by the New Jersey Department of Environmental Protection.

The attached plan is a rendition of the final restoration of the Veteran's Field facility.

The engineer's estimate for the project is \$9.7 million dollars, of which \$1,721,240.62 will be a combination of state grants and loans and county grants. Bids from contractors for the work will be received on May 24, and based on the submissions; a contractor will be selected to perform the remediation and restoration.

Veteran's Field is tentatively scheduled to re-open in the spring of 2013.
